|                                    |                                                                                                                             |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| <b>Variety / grade / form</b>      | Round / square / compartment styles; dimensions by agreement                                                                |
| <b>HS / HSN reference</b>          | To confirm for the exact product and destination                                                                            |
| <b>Origin</b>                      | India; exact source and origin documentation to be confirmed.                                                               |
| <b>Quality parameters to agree</b> | Shape, dimensions, depth, surface finish, moisture, strength and suitability for the intended food-contact use.             |
| <b>Packaging</b>                   | Protective sleeves and cartons; pieces per pack, carton dimensions and pallet layout by agreement.                          |
| <b>Storage / handling</b>          | Store dry and protected from moisture, dust and crushing. Confirm suitability for the intended food and serving conditions. |
| <b>Documentation</b>               | Agreed product specification and applicable food-contact testing, material declarations and destination documentation.      |
| <b>Minimum order quantity</b>      | Confirmed on enquiry for the exact product and destination.                                                                 |
| <b>Availability / lead time</b>    | Confirmed after specification, sourcing and logistics review.                                                               |
| <b>Samples / inspection</b>        | Requirements, scope, cost and timing to be agreed before the order.                                                         |

## Before placing an order

This is an indicative product specification guide for discussion, not a batch certificate, certificate of analysis, price quotation or guarantee of stock. Final limits, testing, packaging, delivery terms and price must be agreed in writing. Verify the full national tariff item and current destination requirements for the exact product before shipment.
