

# Cardamom oleoresin

Aromatic cardamom extract for flavour formulations.

Reference: MGT-SPEC-055 | Category: Oleoresins

|                                    |                                                                                                          |
|------------------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Variety / grade / form</b>      | Volatile oil / solvent residue specifications                                                            |
| <b>HS / HSN reference</b>          | 330190 (indicative international six-digit code)                                                         |
| <b>Origin</b>                      | India; exact source and origin documentation to be confirmed.                                            |
| <b>Quality parameters to agree</b> | Botanical source, active content, colour value, volatile oil, solubility, carrier and residual solvents. |
| <b>Packaging</b>                   | Compatible sealed food-ingredient containers; pack size and material by agreement.                       |
| <b>Storage / handling</b>          | Follow the manufacturer's product-specific storage instructions and safety data.                         |
| <b>Documentation</b>               | Agreed technical specification; batch COA and safety information where applicable.                       |
| <b>Minimum order quantity</b>      | Confirmed on enquiry for the exact product and destination.                                              |
| <b>Availability / lead time</b>    | Confirmed after specification, sourcing and logistics review.                                            |
| <b>Samples / inspection</b>        | Requirements, scope, cost and timing to be agreed before the order.                                      |

## Before placing an order

This is an indicative product specification guide for discussion, not a batch certificate, certificate of analysis, price quotation or guarantee of stock. Final limits, testing, packaging, delivery terms and price must be agreed in writing. Verify the full national tariff item and current destination requirements for the exact product before shipment.
